Contents.

The guide moves from the foundations of the identity to its use across social media and applications.

FOUNDATIONS 01 — 08

01 Brand platform
02 Logotype
03 Logo construction
04 Logo lockups
05 Logo on backgrounds
06 Colour system
07 Typography
08 Brand elements

EXPRESSION & USE 09 — 16

09 Iconography
10 Tone & mood
11 Photography
12 Social — Instagram
13 Social — Posts
14 Social — X & LinkedIn
15 Applications
16 Contact

Brand platform.

The platform is the base of every message: one tagline, one positioning line and the four areas the company works in.

Innovating today, sustaining tomorrow.

Solar power and energy storage in the Sultanate of Oman

Solar	Photovoltaic systems and modules.
Storage	Battery energy storage systems.
Electrical	Inverters and power conversion.
Engineering	Design, installation, operation.

Logotype.

The logotype is the AFAQ name drawn as a single wordmark. It is the primary signature of the brand.

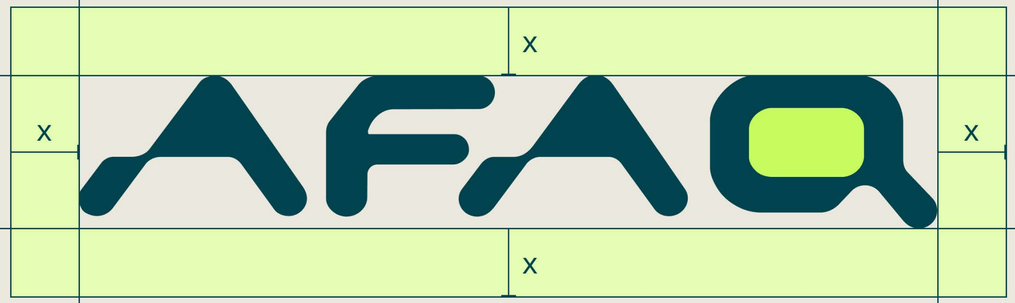

Rounded terminals and the open tail of the Q give the name a technical yet approachable character.

Always use the master artwork. Never redraw, stretch, outline or re-space the letters.

Logo construction.

Clear space, grid and minimum sizes keep the wordmark legible and consistent wherever it appears.

CLEAR-SPACE ZONE — X ON ALL FOUR SIDES

GRID 3 × 3

The wordmark sits in the centre cell of a grid drawn from its own edges. Align layouts to those lines.

01

Clear space

A free zone of x on every side.

RULE

x = Q counter height

02

Preferred size

Use at 180 px or more where possible.

WIDTH

180 px

03

Digital minimum

Never below 120 px wide on screen.

WIDTH

120 px

04

Print minimum

Never below 24 mm wide in print.

WIDTH

24 mm

Logo lockups.

The primary lockup pairs the wordmark with the line “Energy. Engineered.”
The descriptor and the orange tag extend it for documents and campaigns.

01

DEEP ON SAND

Lockup

Wordmark and tagline as one unit. Keep the spacing and proportions as drawn.

USAGE

Covers, signage and closing frames.

02

PAPER ON DEEP

Lockup + descriptor

The descriptor names the four service lines. It sits to the right of the lockup, separated by its thin rule.

USAGE

Corporate documents, letterheads and site boards.

03

SOLAR
STORAGE
ELECTRICAL
ENGINEERING

Tag + descriptor

On lime, the deep logo can carry the descriptor, with the orange tag placed in a corner of the layout.

USAGE

Campaign layouts, posters and social posts.

Logo on backgrounds.

The logo appears on paper, deep teal, lime and photography; each pairing keeps strong contrast. Use the deep logo on light colours and the paper logo on dark ones.

ON PAPER #F6F5EC

Deep logo

ON DEEP TEAL #01434F

Paper logo

ON DEEP-DARK #012A33

Paper logo

ON LIME #C7FB5F

Deep logo

Colour system.

Lime and deep teal lead every layout. Sand and paper give pages room to breathe.
Set text in deep on light colours and in paper on dark ones.

PRIMARY

Pair lime with deep teal for the strongest contrast.

Lime

HEX #C7FB5F
RGB 199, 251, 95
CMYK 21, 0, 62, 2

PRIMARY

Deep teal

HEX #01434F
RGB 1, 67, 79
CMYK 99, 15, 0, 69

SECONDARY — ADDS DEPTH

Deep-dark

HEX #012A33
RGB 1, 42, 51
CMYK 98, 18, 0, 80

NEUTRALS

Sand

HEX #EBE8DE
RGB 235, 232, 222
CMYK 0, 1, 6, 8

Paper

HEX #F6F5EC
RGB 246, 245, 236
CMYK 0, 0, 4, 4

ACCENT ONLY — HAIRLINES, TAGS, RULES

Never use it as a background or for text.

Orange

HEX #FE7D25
RGB 254, 125, 37
CMYK 0, 51, 85, 0

Typography.

Geist is the brand typeface: one family for headlines, text and labels, in print and on screen. Headlines in Light, body in Regular, labels in Medium.

Geist Light

HEADLINES · STATEMENTS · LARGE NUMBERS

Aa123

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
0123456789 !?&@#%*()+-/

DISPLAY L · 104 / 92%

Geist Medium

LABELS · EMPHASIS · SMALL TITLES

Aa123

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
0123456789 !?&@#%*()+-/

LABEL CAPS · 12.5 / +18%

Typography

Geist is the brand typeface. One family covers headlines, text and labels, in print and on screen.

Set headlines in Geist Light with tight tracking. Use Regular for body copy and Medium for labels and emphasis.

Keep the hierarchy simple: one display size per layout, short lines, and small caps labels for supporting text.

Geist Light

HEADLINES · STATEMENTS · LARGE NUMBERS

Aa123

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
0123456789 !?&@#%*()+-/

DISPLAY XL · 150 / 90%

Geist Medium

LABELS · EMPHASIS · SMALL TITLES

Aa123

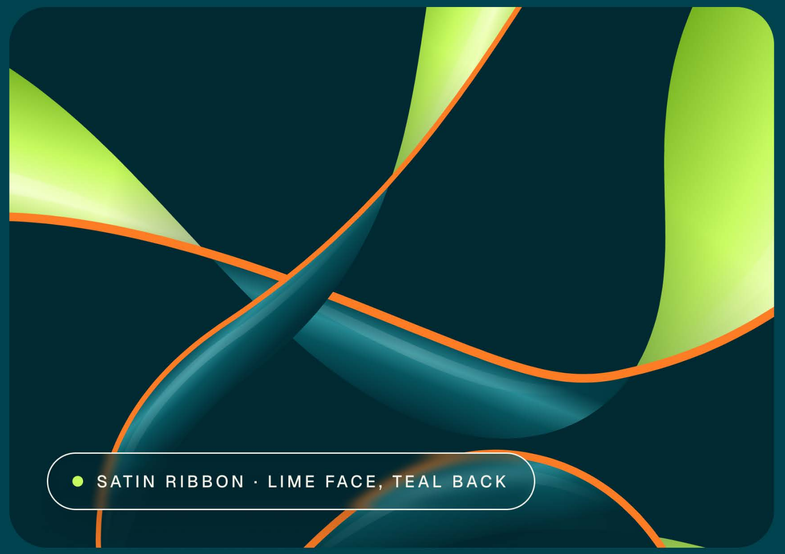

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
0123456789 !?&@#%*()+-/

DISPLAY M · 72 / 96%

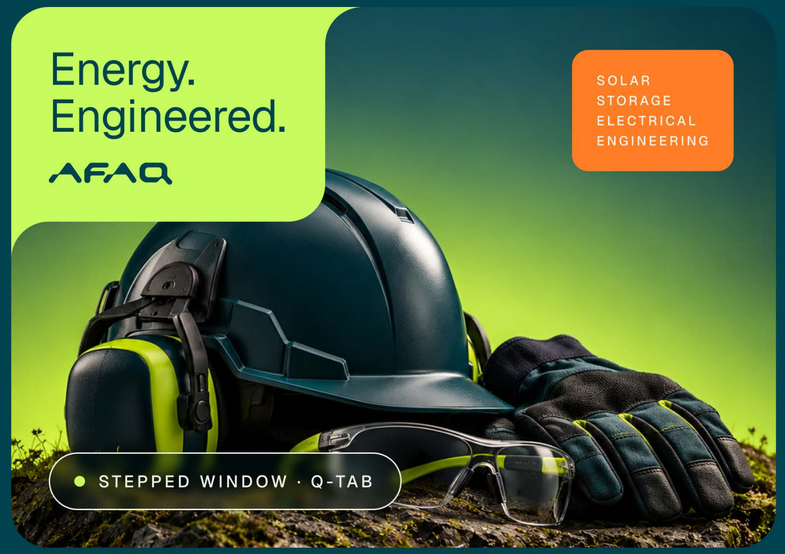

Brand elements.

Three devices carry the identity beyond the logo: satin ribbons, stepped Q-tab windows and the orange hairline.

Ribbons

Ribbons always bleed off at least one edge of the frame; never float them in the middle.

Orange

Orange appears only as the ribbon hairline or the tag. Never as a background or in text.

Windows

One notch per window. The notch sits on an outer corner and holds a single element.

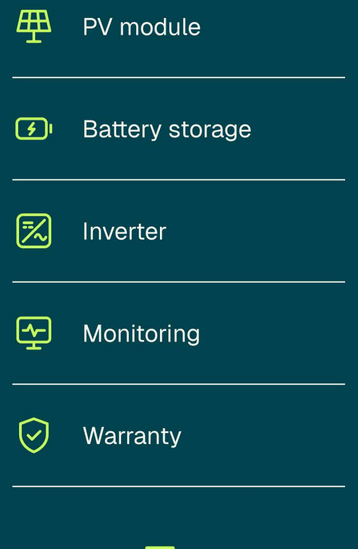

Iconography.

Icons are drawn on a 24-unit grid with a 1.5 px stroke, round caps and joins. They are outlines, never filled.

ON DEEP

Lime stroke, no disc.

20 · 28 · 36 PX

The weight stays 1.5 px at every size. One icon per item, always paired with a short caption.

Tone & mood.

The mood is calm, precise and warm. Deep teal grounds each layout, lime brings the energy, and one element leads while the rest stay quiet.

Energy. Engineered.

ENGINEERING

TAGLINE

Innovating today, sustaining tomorrow.

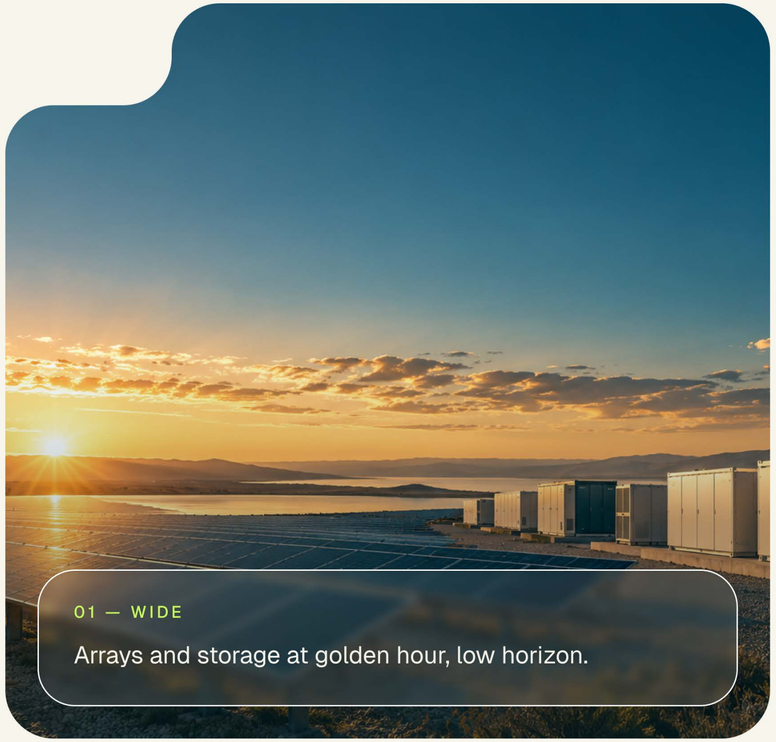

AFAQ

Photography.

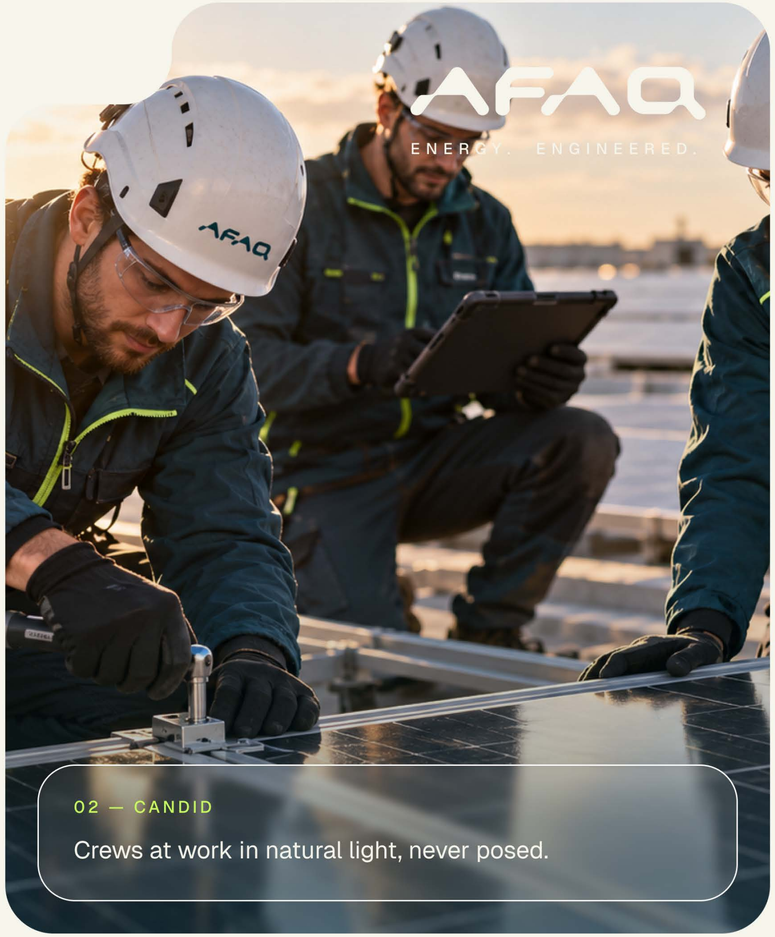

Three subjects carry the brand: sites at golden hour, people at work and close engineering detail, all in natural light.

SOLAR
STORAGE
ELECTRICAL
ENGINEERING

01 — WIDE

Arrays and storage at golden hour, low horizon.

02 — CANDID

Crews at work in natural light, never posed.

03 — CLOSE

Panels and connectors, sharp, with a teal grade.

Social — Instagram.

The profile is the front door of the brand: one icon, one name and one positioning line, identical on every channel.

Profile icon

1:1 · 320 × 320 px

The deep logo on a lime disc; highlight covers repeat it as deep circles with lime line icons.

Feed post

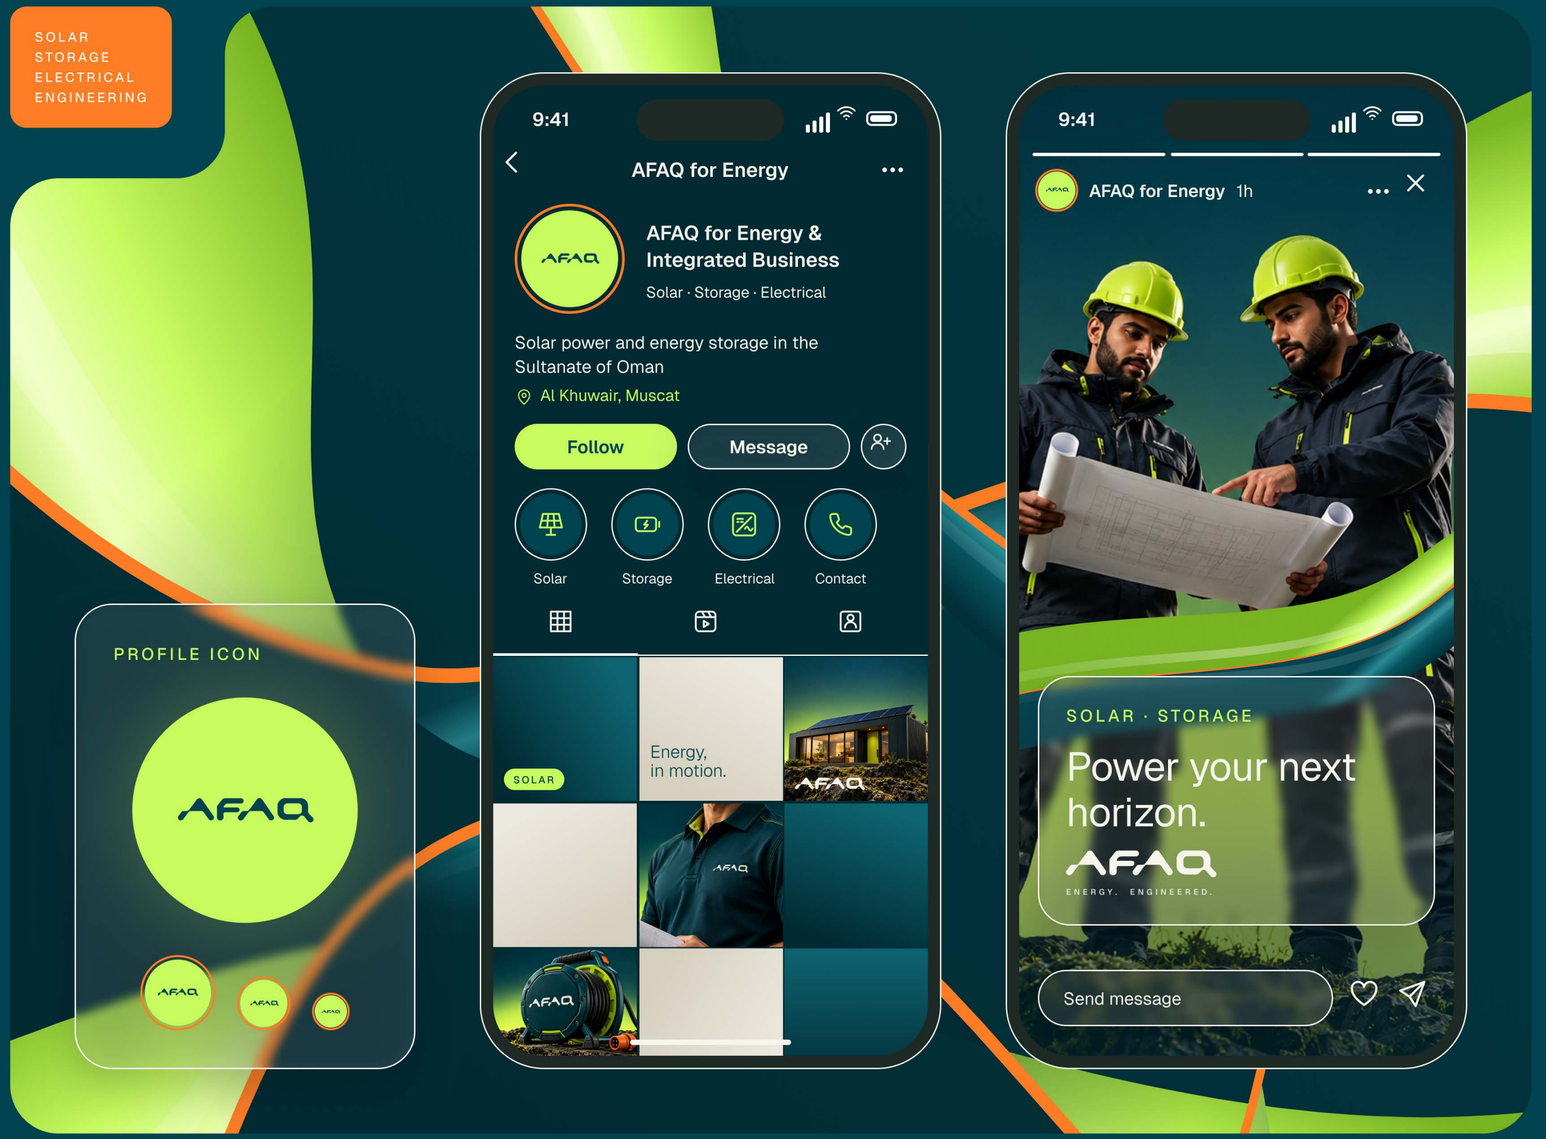

4:5 · 1080 × 1350 px

One brand overlay per post: a lime tag, a headline or the logo.

Story

9:16 · 1080 × 1920 px

One photo, one ribbon and one glass caption, clear of the top and bottom UI.

Social — Posts.

Six templates, one voice: a short line, open space and the logo on every post. Rotate them so neighbours never share a background.

Portrait

4:5 · 1080 × 1350 px

Statement, glass and photo. One headline from the campaign lines, in Geist Light.

Square

1:1 · 1080 × 1080 px

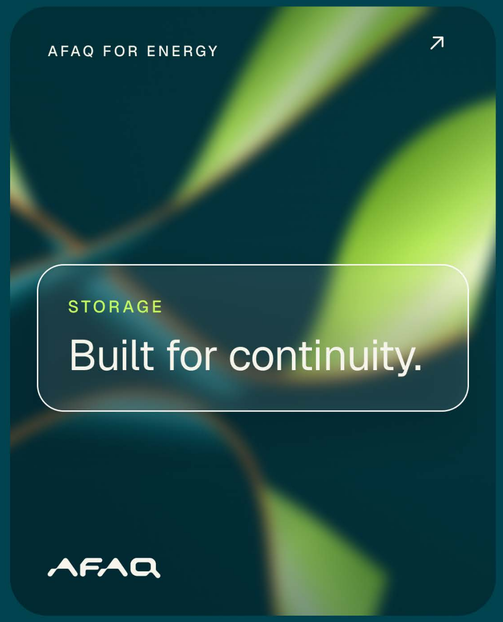

Frame, rhythm and glow. Orange only as a frame or a tag.

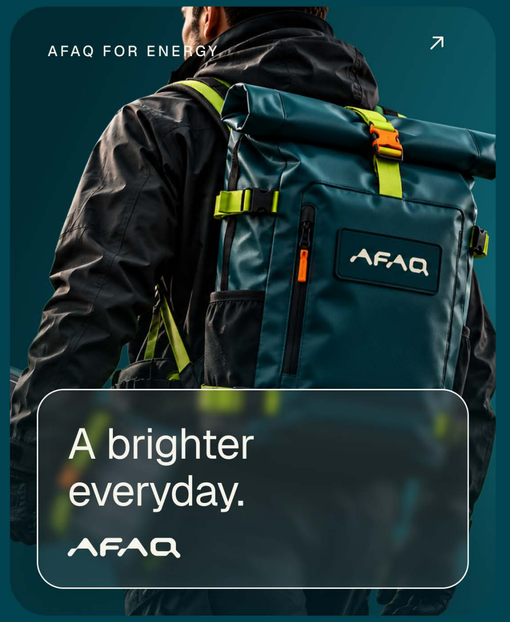

Margin

80 px on 1080 px

The logo or the handle line on every post; the corners stay calm.

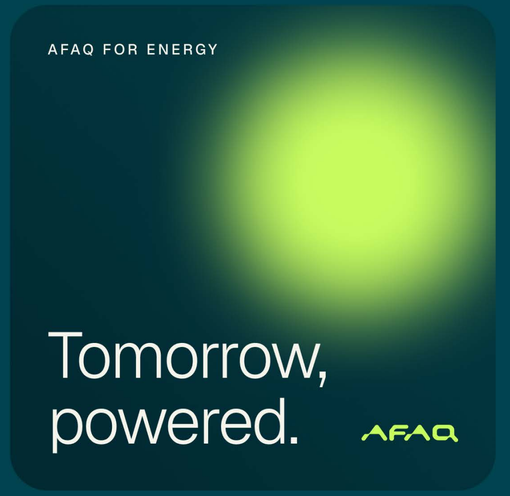

Social — X & LinkedIn.

Landscape posts for news and insight: one headline, one image and one action, under the same name and icon as on Instagram.

Post image

16:9 · 1600 × 900 px

Headline on the left; photography or a ribbon on the right.

Link image

1.91:1 · 1200 × 627 px

One lime call to action with deep text, two words at most.

Header

3:1 · 1500 × 500 px

A wide brand image beside the lime icon; name, bio and location as on Instagram.

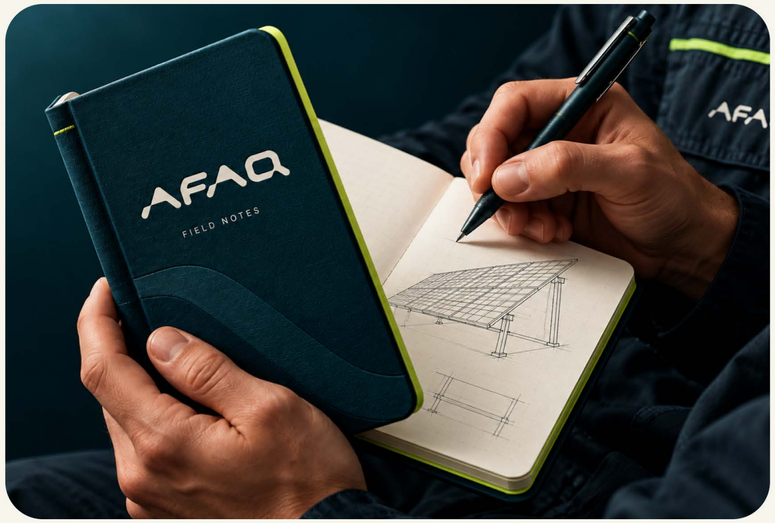

Applications.

Applications carry the identity onto site: workwear, vehicles, signage and stationery. Use one brand device per surface and keep every surface calm.
